ARTICLE 2

Promotion and Protection of Investment

- (1) Each Contracting Party shall encourage and create favourable conditions for nationals or companies of the other Contracting Party to invest capital in its territory, and, subject to its right to exercise powers conferred by its laws, shall admit such capital.
- (2) Investments of nationals or companies of each Contracting Party shall at all times be accorded fair and equitable treatment in accordance with international law and shall enjoy full protection and security in the territory of the other Contracting Party. Neither Contracting Party shall in any way impair by arbitrary or discriminatory measures the management, maintenance, use, enjoyment or disposal of investments in its territory of nationals or companies of the other Contracting Party. Each Contracting Party shall observe any obligation it may have entered into with regard to the treatment of investments of nationals or companies of the other Contracting Party.

ARTICLE 3

National Treatment and Most-favoured-nation Provisions

- (1) Neither Contracting Party shall in its territory subject investments or returns of nationals or companies of the other Contracting Party to treatment less favourable than that which it accords to investments or returns of its own nationals or companies or to investments or returns of nationals or companies of any third State.
- (2) Neither Contracting Party shall in its territory subject nationals or companies of the other Contracting Party, as regards their management, maintenance, use, enjoyment or disposal of their investments, to treatment less favourable than that which it accords to its own nationals or companies or to nationals or companies of any third State.
- (3) The treatment provided for in paragraphs (1) and (2) above shall apply to the provisions of Articles 1 to 11 of this Agreement.

ARTICLE 4

Compensation for Losses

- (1) Nationals or companies of one Contracting Party whose investments in the territory of the other Contracting Party suffer losses owing to war or other armed conflict, revolution, a state of national emergency, revolt, insurrection or riot in the territory of the latter Contracting Party shall be accorded by the latter Contracting Party treatment, as regards restitution, indemnification, compensation or other settlement, no less favourable than that which the latter Contracting Party accords to its own nationals or companies or to nationals or companies of any third State.
- (2) Paragraph (1) of this Article, shall not be construed to mean that a Contracting Party is relieved of its obligations under international law to accord restitution or adequate compensation in any of the situations referred to in that paragraph, for losses suffered by nationals or companies of the other Contracting Party as a result of requisitioning of their property by its forces or authorities or the destruction by them of their property not caused by combat action or required by the situation.
- (3) The provisions of Article 6 shall apply to any payments made pursuant to this Article.

ARTICLE 5

Expropriation

(1) Investments of nationals or companies of either Contracting Party shall not be nationalised, expropriated or subjected to measures having effect equivalent to nationalisation or expropriation (hereinafter referred to as "expropriation") in the territory of the other Contracting Party except for a public purpose related to the internal needs of that Party on a non-discriminatory basis and against prompt, adequate and effective compensation. Such compensation shall amount to the genuine value of the investment expropriated immediately before the expropriation or before the impending expropriation became public knowledge, whichever is the earlier, shall include interest at a normal commercial rate until the date of payment, shall be made without delay, be effectively realizable and be freely transferable. The national or company affected shall have a right, under the law of the Contracting Party making the expropriation, to prompt review, by a judicial or other independent authority of that Party, of his or its case and of the valuation of his or its investment in accordance with the principles set out in this paragraph.

(2) Where a Contracting Party expropriates the assets of a company which is incorporated or constituted under the law in force in any part of its own territory, and in which nationals or companies of the other Contracting Party own shares, it shall ensure that the provisions of paragraph (1) of this Article are applied to the extent necessary to guarantee prompt, adequate and effective compensation in respect of their investment to such nationals or companies of the other Contracting Party who are owners of those shares.

ARTICLE 6

Repatriation of Investment and Returns

Each Contracting Party shall in respect of investments guarantee to nationals or companies of the other Contracting Party the unrestricted transfer of their investments and returns. Transfers shall be effected without delay in the convertible currency in which the capital was originally invested or in any other convertible currency agreed by the investor and the Contracting Party concerned. Unless otherwise agreed by the investor transfers shall be made at the rate of exchange applicable on the date of transfer pursuant to the exchange regulations in force.

ARTICLE 7

Exceptions

The provisions of this Agreement relative to the grant of treatment not less favourable than that accorded to the nationals or companies of either Contracting Party or of any third State shall not be construed so as to oblige one Contracting Party to extend to the nationals or companies of the other the benefit of any treatment, preference or privilege resulting from:

- (a) any existing or future customs union or similar international agreement to which either of the Contracting Parties is or may become a party; or
- (b) any international agreement or arrangement relating wholly or mainly to taxation or any domestic legislation relating wholly or mainly to taxation.

ARTICLE 8

Settlement of Disputes between an Investor and a Host State

(1) Disputes between a national or company of one Contracting Party and the other Contracting Party concerning an obligation of the latter under this Agreement in relation to an investment of the former which have not been amicably settled shall, after a period of three months from written notification of a claim, be submitted to international arbitration if the national or company concerned so wishes.

(2) Where the dispute is referred to international arbitration, the national or company concerned may choose to refer the dispute to the International Centre for the Settlement of Investment Disputes (hereinafter referred to as "the Centre") having regard to the

provisions, where applicable, of the Convention on the Settlement of Investment Disputes between States and Nationals of other States, opened for signature at Washington DC on 18 March 1965¹ and the Additional Facility for the Administration of Conciliation, Arbitration and Fact-Finding Proceedings. If arbitration at the Centre is not available for any reason, or if the parties to the dispute so agree, the dispute shall be submitted, at the request of the national or company concerned, to an international arbitrator or *ad hoc* arbitration tribunal to be appointed by a special agreement or established under the Arbitration Rules of the United Nations Commission on International Trade Law.

(3) The jurisdiction of the arbitral tribunal shall be limited to determining whether there has been a breach by the Contracting Party concerned of any of its obligations under this Agreement, whether such breach of its obligations has caused damage to the national or company concerned, and, if such is the case, the amount of compensation.

ARTICLE 9

Disputes between the Contracting Parties

(1) Disputes between the Contracting Parties concerning the interpretation or application of this Agreement should, if possible, be settled through the diplomatic channel.

(2) If a dispute between the Contracting Parties cannot thus be settled, it shall upon the request of either Contracting Party be submitted to an arbitral tribunal.

(3) Such an arbitral tribunal shall be constituted for each individual case in the following way. Within two months of the receipt of the request for arbitration, each Contracting Party shall appoint one member of the tribunal. Those two members shall then select a national of a third State who on approval by the two Contracting Parties shall be appointed Chairman of the tribunal. The Chairman shall be appointed within two months from the date of appointment of the other two members.

(4) If within the periods specified in paragraph (3) of this Article the necessary appointments have not been made, either Contracting Party may, in the absence of any other agreement, invite the President of the International Court of Justice to make any necessary appointments. If the President is a national of either Contracting Party or if he is otherwise prevented from discharging the said function, the Vice-President shall be invited to make the necessary appointments. If the Vice-President is a national of either Contracting Party or if he too is prevented from discharging the said function, the Member of the International Court of Justice next in seniority who is not a national of either Contracting Party shall be invited to make the necessary appointments.

(5) The arbitral tribunal shall reach its decision by a majority of votes. Such decision shall be binding on both Contracting Parties. Each Contracting Party shall bear the cost of its own member of the tribunal and of its representation in the arbitral proceedings; the cost of the Chairman and the remaining costs shall be borne in equal parts by the Contracting Parties. The tribunal may, however, in its decision direct that a higher proportion of costs shall be borne by one of the two Contracting Parties, and this award shall be binding on both Contracting Parties. The tribunal shall determine its own procedure.

ARTICLE 10

Subrogation

(1) If one Contracting Party or its designated Agency ("the first Contracting Party") makes a payment under an indemnity against non-commercial risks given in respect of an investment in the territory of the other Contracting Party ("the second Contracting Party"), the second Contracting Party shall recognise:

(a) the assignment to the first Contracting Party by law or by legal transaction of all the rights and claims of the party indemnified; and

(b) that the first Contracting Party is entitled to exercise such rights and enforce such claims by virtue of subrogation, to the same extent as the party indemnified.

¹Treaty Series No. 25 (1967) Cmnd. 3255.

(2) The first Contracting Party shall be entitled in all circumstances to the same treatment in respect of:

- (a) the rights and claims acquired by it by virtue of the assignment, and
- (b) any payments received in pursuance of those rights and claims,

as the party indemnified was entitled to receive by virtue of this Agreement in respect of the investment concerned and its related returns.

(3) If in any case subrogation in accordance with paragraphs (1) and (2) of this Article in respect of the right of ownership of immovable property is not possible under the law of the second Contracting Party, the first Contracting Party shall be entitled to indemnification in respect of any loss which thereby occurs.

(4) The provisions of Article 6 shall apply to any payments received by the first Contracting Party pursuant to this Article.

ARTICLE 11

Application of other Rules

If the provisions of law of either Contracting Party or obligations under international law existing at present or established hereafter between the Contracting Parties in addition to the present Agreement contain rules, whether general or specific, entitling investments by nationals or companies of the other Contracting Party to a treatment more favourable than is provided for by the present Agreement, such rules shall to the extent that they are more favourable prevail over the present Agreement.

ARTICLE 12

Territorial Extension

At the time of entry into force of this Agreement, or at any time thereafter, its provisions may be extended to such territories for whose international relations the Government of the United Kingdom are responsible as may be agreed between the Contracting Parties in an Exchange of Notes.

ARTICLE 13

Scope of Application

The present Agreement shall apply to investments in the territory of one Contracting Party made in accordance with its laws and regulations by nationals or companies of the other Contracting Party, whether prior to or after the entry into force of this Agreement. It shall, however, not be applicable to disputes arising as a result of events which have occurred prior to its entry into force.

ARTICLE 14

Entry into Force

Each Contracting Party shall notify the other in writing of the completion of the constitutional formalities required in its territory for the entry into force of this Agreement. This Agreement shall enter into force on the date of the latter of the two notifications.¹

ARTICLE 15

Duration and Termination

This Agreement shall remain in force for a period of ten years. Thereafter it shall continue in force until the expiration of twelve months from the date on which either Contracting Party shall have given written notice of termination to the other. Provided that in respect of investments made whilst the Agreement is in force, its provisions shall

continue in effect with respect to such investments for a period of fifteen years after the date of termination and without prejudice to the application thereafter of the rules of general international law.

In witness whereof the undersigned, duly authorised thereto by their respective Governments, have signed this Agreement.
