Chapter Three

Textiles and Apparel

Article 3.1: Textile Safeguard Measures

1. Subject to the following paragraphs, and during the transition period only, if, as a result of the reduction or elimination of a duty provided for in this Agreement, a textile or apparel good benefitting from preferential tariff treatment is being imported into the territory of another Party in such increased quantities, in absolute terms or relative to the domestic market for that good, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may, to the extent necessary to prevent or remedy such damage and to facilitate adjustment, apply a textile safeguard measure to that good, consisting of a suspension of the reduction of the rate of duty provided for under this Agreement on such good or an increase in the rate of duty on the good to a level not to exceed the lesser of:

   (a) the most-favored-nation (MFN) applied rate of duty in effect at the time the measure is applied; and

   (b) the MFN applied rate of duty in effect on the date of entry into force of this Agreement.

2. In determining serious damage, or actual threat thereof, the importing Party:

   (a) shall examine the effect of increased imports of the good of the other Party or Parties on the particular industry, as reflected in changes in such relevant economic variables as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits and losses and investment, none of which, either alone or combined with other factors, shall necessarily be decisive; and

   (b) shall not consider changes in consumer preferences or changes in technology in the importing Party as factors supporting a determination of serious damage or actual threat thereof.

3. The importing Party may apply a textile safeguard measure only following an investigation by its competent authority.

1For greater certainty, the obligations in Chapter Two, (National Treatment and Market Access for Goods) with respect to trade in goods between the Parties apply to trade in textiles and apparel goods between the Parties.
4. The investigations referred to in this Article shall be carried out according to procedures established by each Party which shall be notified to the other Party upon entry into force of this Agreement or before initiating any investigation.

5. The importing Party shall deliver to the exporting Party or Parties, without delay, written notice of the initiation of the proceeding, as well as of its intent to apply or extend a textile safeguard measure and, on request, shall enter into consultations with that Party or Parties.

6. The following conditions and limitations apply to any textile safeguard measure:

   (a) no Party may maintain a textile safeguard measure for a period exceeding two (2) years, unless it is extended for an additional period not to exceed one (1) year;

   (b) no Party may apply a textile safeguard measure to the same good of another Party more than once;

   (c) on termination of the textile safeguard measure, the Party applying the measure shall apply the rate of duty set out in the Party’s Schedule to Annex 2.3 (Tariff Elimination) as if the safeguard measure had never been applied; and

   (d) regardless of its duration, a Party shall not maintain a textile safeguard measure beyond the transition period.

7. The Party applying a textile safeguard measure shall provide to the Party or Parties against whose good the measure is taken mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of additional duties expected to result from the textile safeguard measure. Such concessions shall be limited to textile or apparel goods, unless the consulting Parties otherwise agree.

8. If the consulting Parties are unable to agree on compensation within 30 days of application of a textile safeguard measure, the Party or Parties against whose good the measure is taken may take tariff action having trade effects substantially equivalent to those of the textile safeguard measure. Such tariff action may be taken against any good of the Party applying the textile safeguard measure. The Party taking the tariff action shall apply it only during the minimum period necessary to achieve the substantially equivalent trade effects. The importing Party’s obligation to provide trade compensation and the right of the exporting Party or Parties to take tariff action shall terminate when the textile safeguard measure terminates.

9. (a) Each Party maintains its rights and obligations under Article XIX of the GATT 1994 and the Safeguards Agreement.
(b) No Party may apply, with respect to the same good at the same time, a textile safeguard measure and:

(i) a safeguard measure under Chapter Eight (Trade Remedies); or

(ii) a measure under Article XIX of GATT 1994 and the Safeguards Agreement.

Article 3.2: Customs Cooperation and Verification of Origin

1. The competent authorities of the Parties shall cooperate for purposes of:

   (a) enforcing or assisting in the enforcement, and deterring circumvention of their respective laws, regulations, procedures, and international agreements affecting trade in textile or apparel goods of any Party, and;

   (b) ensuring the accuracy of claims of origin for textile or apparel goods.

The Parties recognize that providing technical or other assistance to sustain these purposes is an essential part of this Article.

2. Any request for specific cooperation shall identify the relevant provisions of law, regulation, and procedure pertaining to a Party’s request for such cooperation.

3. (a) On the written request of the importing Party, an exporting Party shall conduct a verification for purposes of enabling the importing Party to determine:

   (i) that a claim of origin for a textile or apparel good is accurate, or

   (ii) that the exporter or producer is complying with applicable customs laws, regulations and procedures regarding trade in textile or apparel goods, including:

       (A) laws, regulations and procedures that the exporting Party adopts and maintains pursuant to this Agreement; and

       (B) laws, regulations and procedures of the importing Party and the exporting Party implementing other international agreements regarding trade in textile or apparel goods.

(b) A request under subparagraph (a) shall include specific information regarding the reason the importing Party is requesting the verification and the determination the importing Party is seeking to make.
(c) The exporting Party shall conduct a verification under subparagraph (a)(i), regardless of whether an importer claims preferential tariff treatment for the textile or apparel good for which a claim of origin has been made.

(d) The exporting Party may conduct a verification of exporting enterprises within its territory on its own initiative.

4. The importing Party, through its competent authority, may assist in a verification conducted under paragraph 3, including by conducting, along with the competent authority of the exporting Party, visits in the territory of the exporting Party to the premises of an exporter, producer or any other enterprise involved in the movement of textile or apparel goods from the territory of the exporting Party to the territory of the importing Party. At the request of the exporting Party, the importing Party may undertake such a verification.

5. (a) The competent authority of the importing Party shall provide a written request to the competent authority of the exporting Party 20 days before the proposed date of a visit under paragraph 4. The request shall identify the competent authority making the request, the names and titles of the authorized personnel that would conduct the visit, the reason for the visit, including a description of the type of goods that are the subject of the verification and the proposed dates of the visit.

(b) The competent authority of the exporting Party shall respond within 10 days of receipt of the request, and shall indicate the date on which authorized personnel of the importing Party may perform the visit. The exporting party shall seek, in accordance with its laws, regulations and procedures, permission from the enterprise to conduct the visit. If consent is not provided, the importing Party may deny preferential tariff treatment to the type of goods of the enterprise that would have been the subject of the verification, except that the importing Party may not deny preferential tariff treatment to such goods based solely on a postponement of the visit, if there is adequate reason for such postponement.

(c) Authorized personnel of the importing and exporting Parties shall conduct the visit in accordance with the laws, regulations and procedures of the exporting Party.

(d) On completion of the visit, the importing Party shall provide the exporting Party with an oral summary of the results of the visit and provide it with a written report of the results of the visit within approximately 45 days of the visit. The written report shall include:

(i) the name of the enterprise visited;

(ii) particulars of the shipments that were checked;
(iii) observations made at the enterprise relating to circumvention, if any; and

(iv) an assessment of whether the enterprise’s production records and other documents support its claims of origin, for:

(A) a textile or apparel good subject to a verification conducted under paragraph 3(a)(i); or

(B) in the case of a verification conducted under paragraph 3(a)(ii), any textile or apparel good exported or produced by the enterprise.

6. Each Party shall provide to the other Party, consistent with its laws, production, trade, and transit documents and other information necessary to conduct verifications under paragraph 3(a). Any documents or information exchanged between the Parties in the course of such a verification shall be treated in accordance with Article XX (Confidentiality). Notwithstanding the foregoing, a Party may publish the name\(^2\) of an enterprise if such Party has determined, consistent with its laws, that such enterprise:

(a) is engaged in circumvention of its laws, regulations or procedures or of international agreements affecting trade in textile or apparel goods; or

(b) has failed to demonstrate that it produces, or is capable of producing, textile or apparel goods.

7. (a) (i) If, during a verification conducted under paragraph 3(a), the information to support a claim for preferential tariff treatment is insufficient, the importing Party may take the actions it considers appropriate, which may include suspending the application of such treatment to:

(A) in the case of a verification conducted under paragraph 3(a)(i), the textile or apparel good for which a claim for preferential tariff treatment has been made; and

(B) in the case of a verification conducted under paragraph 3(a)(ii), any textile or apparel good exported or produced by the enterprise subject to that verification for which a claim of preferential tariff treatment has been made.

\(^2\) If a Party were to decide to publish the names of enterprises under this provision, the Party will provide information on procedures that will be followed to implement the provision.
(ii) If, upon completion of a verification conducted under paragraph 3(a), the information to support a claim for preferential tariff treatment is insufficient, the importing Party may take the actions it considers appropriate, which may include denying the application of such treatment to any textile or apparel good described in clauses (i) (A) and (B).

(iii) If, during or upon completion of a verification conducted under paragraph 3(a), the importing Party discovers that an enterprise has provided incorrect information to support a claim for preferential tariff treatment, the importing Party may take the actions it considers appropriate, which may include denying the application of that treatment to any textile or apparel good described in subclauses (i)(A) and (B).

(b) (i) If, during a verification conducted under paragraph 3(a), the information to determine the country of origin is insufficient, the importing Party may take the actions it considers appropriate, which may include detention of any textile or apparel good exported or produced by the enterprise subject to the verification, but not beyond the period allowed under its legislation.

(ii) If, on completion of a verification conducted under paragraph 3(a), the information to determine the country of origin is insufficient, the importing Party may take the actions it considers appropriate, which may include denying entry to any textile or apparel good exported or produced by the enterprise subject to the verification.

(iii) If, during or on completion of a verification conducted under paragraph 3(a), the importing Party discovers that an enterprise has provided incorrect information as to the country of origin, the importing Party may take appropriate action, which may include denying entry to any textile or apparel good exported or produced by the enterprise subject to the verification.

(c) The importing Party may continue to apply the actions pursuant to this paragraph only until it receives information sufficient to enable it to make the determination in paragraphs 3(a)(i) or (ii), as the case may be.

8. No later than 45 days after it completes a verification conducted under paragraph 3(a), the exporting Party shall provide the importing Party a written report on the results of the verification. The report shall include all documents and facts supporting any conclusion that the exporting Party reaches. After receiving the report, the importing Party shall notify the exporting Party of any action it will take under paragraph 7(a)(ii) or (iii), or 7(b)(ii) or (iii), based on the information included in the report.
9. On the written request of a Party, two or more Parties shall enter into consultations to resolve any technical or interpretive difficulties that may arise or to discuss ways to improve customs cooperation, regarding the application of this Article. Unless the consulting Parties otherwise agree, consultations shall begin within 30 days after delivery of the request and conclude within 90 days after delivery.

10. A Party may request technical or other assistance from any other Party in implementing this Article. The Party receiving such a request shall make every effort to respond promptly and favorably.

Article 3.3: Rules of Origin, Origin Procedures and Related Matters

1. Except for the matters covered by this Article, the rules and procedures of origin applicable to a textile and apparel good are those established on Chapter Four regarding the Rules of Origin and Origin Procedures.

Consultations on Rules of Origin

2. On request of a Party, the Parties shall, within 30 days after the request is delivered, consult on whether the rules of origin applicable to a particular textile or apparel good should be revised.

3. In the consultations referred to in paragraph 2, in the case of lack of supply of originating inputs, each Party shall consider all data that a Party presents demonstrating that there is substantial production in its territory of the inputs incorporated in the production of the textile or apparel good whose specific rule of origin has been requested to be modified. The Parties shall consider that there is substantial production if a Party demonstrates that its domestic producers are capable of supplying commercial quantities of the inputs to the Parties in a timely manner.

4. The Parties shall endeavor to conclude the consultations within 90 days after delivery of the request. If the Parties reach an agreement to revise a rule of origin for a particular good, the agreement shall supersede that rule of origin when approved by the Parties in accordance with Article 23.2 (Amendments).

Fabrics, Yarns, and Fibers Not Available in Commercial Quantities

5. (a) At the request of an interested entity, the United States shall, within 30 business days of receiving the request, add a fabric, fiber, or yarn in an unrestricted or restricted quantity to the list in Annex 3.3 (Short Supply List), if the United States determines, based on information supplied by interested entities, that the fabric, fiber, or yarn is not available in commercial quantities in a timely manner in the territory of any Party, or if no interested entity objects to the request.
(b) If there is insufficient information to make the determination in subparagraph (a), the United States may extend the period within which it must make that determination by no more than 14 business days, in order to meet with interested entities to substantiate the information.

(c) If the United States does not make the determination in subparagraph (a) within 15 business days of the expiration of the period within which it must make that determination, as specified in subparagraph (a) or (b), the United States shall grant the request.

(d) The United States may, within six months after adding a restricted quantity of a fabric, fiber, or yarn to the list in Annex 3.3 (Short Supply List) pursuant to subparagraph (a), modify or eliminate the restriction.

(e) If the United States determines before the date of entry into force of this Agreement that any fabrics or yarns not listed in Annex 3.3 (Short Supply List) are not available in commercial quantities in the United States pursuant to section 112(b)(5)(B) of the African Growth and Opportunity Act (19 U.S.C. 3721(b), section 204(b)(3)(B)(ii) of the Andean Trade Preference Act (19 U.S.C. 3203(b)(3)(B)(ii)), or section 213(b)(2)(A)(v)(II) of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)(2)(A)(v)(II)), the United States may, after consultation with the Parties, add such fabrics or yarns in an unrestricted quantity to the list in Annex 3.3. (Short Supply List).

6. At the request of an interested entity made no earlier than six months after the United States has added a fabric, yarn, or fiber in an unrestricted quantity to Annex 3.3 (Short Supply List) pursuant to paragraph 5, the United States may, within 30 business days after it receives the request:

(a) delete the fabric, yarn, or fiber from the list in Annex 3.3 (Short Supply List); or

(b) introduce a restriction on the quantity of the fabric, yarn, or fiber added to Annex 3.3 (Short Supply List);

if the United States determines, based on the information supplied by interested entities, that the fabric, yarn, or fiber is available in commercial quantities in a timely manner in the territory of any Party. Such deletion or restriction shall not take effect until six months after the United States publishes its determination.

7. Promptly after the date of entry into force of this Agreement, the United States shall publish the procedures it will follow in considering requests under paragraphs 5 and 6. After publication of procedures, a Party or Parties may request consultations with respect to the procedures.
De Minimis

8. A textile or apparel good that is not an originating good because certain fibers or yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo the applicable change in tariff classification set out in Annex 3.2 (Specific Rules of Origin), shall nonetheless be considered to be an originating good if the total weight of all such fibers or yarns in that component is not more than ten percent of the total weight of that component.\(^3\)

9. Notwithstanding paragraph 8, a good containing elastomeric yarns\(^4\) in the component of the good that determines the tariff classification of the good shall be originating only if such yarns are wholly formed in the territory of a Party.\(^5\)

Treatment of Sets

10. Notwithstanding the specific rules of origin in Annex 3.2 (Specific Rules of Origin), textile or apparel goods classifiable as goods put up in sets for retail sale as provided for in General Rule of Interpretation 3 of the Harmonized System, shall not be regarded as originating goods unless each of the goods in the set is an originating good or the total value of the non-originating goods in the set does not exceed ten percent of the adjusted value of the set.

Treatment of Nylon Filament Yarn

11. A textile or apparel good that is not an originating good because certain yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo an applicable change in tariff classification set out in Annex 3.2 (Specific Rules of Origin), shall nonetheless be considered to be an originating good if the yarns are those described in Section 204(b)(3)(B)(vi)(IV) of the Andean Trade Preference Act (19 U.S.C. 3203(b)(3)(B)(vi)(IV)).

Duty-free treatment for certain goods

12. An importing and an exporting Party may identify at any time particular textile or apparel goods of the exporting Party that they mutually agree fall within:

(a) hand-loomed fabrics;

(b) hand-made goods made of such hand-loomed fabrics; or

---

3 For greater certainty, when a good is a fiber, yarn, or fabric, the “component of the good that determines the tariff classification of the good” is the fibers in the yarn, fabric or group of fibers.

4 For greater certainty, the term “elastomeric yarns” does not include latex.

5 For purposes of this paragraph, “wholly formed” means that all the production process and finishing operations, starting with the extrusion of all filaments, strips, film, or sheets, or the spinning of all fibers into yarn, or both, and ending with a finished yarn, or plied yarn, took place in the territory of the party.
(c) traditional folklore handicraft goods; or

(d) Handmade goods which substantially incorporate a historical or traditional regional design or motif.

A historical or traditional regional design or motif includes, but is not limited to, depictions of traditional geometric patterns or native objects, landscapes, animals, or people.

13. The importing Party shall grant duty-free treatment to goods so identified, if certified by the competent authority of the exporting Party.

**Article 3.4.: Committee on Textile and Apparel Trade Matters**

General Interpretative Notes

1. For goods covered in this Annex, a good is an originating good if:
   (a) each of the non-originating materials used in the production of the good undergoes an applicable change in tariff classification specified in this Annex as a result of production occurring entirely in the territory of one or more of the Parties, or the good otherwise satisfies the applicable requirements of this Annex where a change in tariff classification for each non-originating material is not specified; and
   (b) the good satisfies any other applicable requirements of this Chapter.

2. For purposes of interpreting the rules of origin set forth in this Annex:
   (a) the specific rule, or specific set of rules, that applies to a particular heading or subheading is set out immediately adjacent to the heading or subheading;
   (b) a rule applicable to a subheading shall take precedence over a rule applicable to the heading which is parent to that subheading;
   (c) a requirement of a change in tariff classification applies only to non-originating materials; and
   (d) the following definitions apply:
      ■ chapter means a chapter of the Harmonized System;
      ■ heading means the first four digits in the tariff classification number under the Harmonized System; and
      ■ subheading means the first six digits in the tariff classification number under the Harmonized System.

3. The textile and apparel rules in this Chapter should be read in conjunction with Chapter Four (Rules of Origin and Origin Procedures). For purposes of these rules, the term wholly means that the good is entirely of the named material.

4. For goods of Chapters 42, 50 through 63 and 94, a good shall be originating if the good satisfies:
   (a) Rule 1, 2, or 3 of this Annex, if applicable to such good; or
   (b) any applicable requirement of this Chapter, as discussed in Note 1.

Rule 1: A textile good of chapters 50 through 60 of the Harmonized System shall be considered originating if it is wholly formed in the territory of one or more of the Parties from:
(a) one or more fibers and yarns listed in Annex 3.3 (Short Supply List); or

(b) a combination of the fibers and yarns referred to in subparagraph (a) and one or more fibers and yarns originating under this Annex.

The originating fibers and yarns referred to in subparagraph (b) may contain up to ten percent by weight of fibers and yarns that do not undergo an applicable change in tariff classification set out in this Annex. Any elastomeric yarn contained in the originating yarns referred to in subparagraph (b) must be formed in the territory of one or more of the Parties.

Rule 2: An apparel good of chapter 61 or 62 of the Harmonized System shall be considered originating if it is cut or knit to shape, or both, and sewn or otherwise assembled in the territory of one or more of the Parties, and if the fabric of the outer shell, exclusive of collars and cuffs where applicable, is wholly of:

(a) one or more fabrics listed in Annex 3.3 (Short Supply List);

(b) one or more fabrics or knit to shape components formed in the territory of one or more of the Parties from one or more of the yarns listed in Annex 3.3 (Short Supply List);

(c) any combination of the fabrics referred to in subparagraph (a), the fabrics or knit to shape components referred to in subparagraph (b), or one or more fabrics or knit to shape components originating under this Annex.

The originating fabrics referred to in subparagraph (c) may contain up to ten percent by weight of fibers or yarns that do not undergo an applicable change in tariff classification set out in this Annex. Any elastomeric yarn contained in an originating fabric or knit to shape component referred to in subparagraph (c) must be formed in the territory of one or more of the Parties.

Rule 3: A textile good of chapter 42, 63 or 94 of the Harmonized System shall be considered originating if it is cut or knit to shape, or both, and sewn or otherwise assembled in the territory of one or more of the Parties, and if the component that determines the tariff classification of the good is wholly of:

(a) one or more fabrics listed in Annex 3.3 (Short Supply List);

(b) one or more fabrics or knit to shape components formed in the territory of one or more of the Parties from one or more of the yarns listed in Annex 3.3 (Short Supply List);
(c) any combination of the fabrics referred to in subparagraph (a), the fabrics or knit to shape components referred to in subparagraph (b), or one or more fabrics or knit to shape components originating under this Annex.

The originating fabrics referred to in subparagraph (c) may contain up to ten percent by weight of fibers or yarns that do not undergo an applicable change in tariff classification set out in this Annex. Any elastomeric yarn contained in an originating fabric or knit to shape component referred to in subparagraph (c) must be formed in the territory of one or more of the Parties.

**Rule 4:** An apparel good of Chapter 61 or 62 shall be considered originating regardless of the origin of any visible lining fabric described in Chapter Rule 1, narrow fabrics described in Chapter Rule 3, sewing thread described in Chapter Rule 4 or pocketing fabric described in Chapter Rule 5 if any such material is identified in Annex 3.3 (Short Supply List) and the apparel good meets all other applicable conditions for preferential tariff treatment under this Agreement.
