2. Annex II (Concerning the Definition of the Concept of “Originating Products” and Methods of Administrative Co-operation) shall apply *mutatis mutandis* for the purpose of defining the originating status of the above mentioned products.

JOINT DECLARATION concerning derogations

1. The Parties recognise the important role of a stable growth and progress of the economies of the Republics of the CA Party in encouraging the smooth development of trade relations between the Parties.
2. For that purpose, the Sub-Committee on Customs, Trade Facilitation and Rules of Origin, established in accordance with Article 123 of Chapter 3 (Customs and Trade Facilitation) of Title II of Part IV of this Agreement (hereinafter referred to as the “Sub-Committee”), shall discuss and consider derogation requests from this Annex where the development of existing industries or the creation of new industries in the Republics of the CA Party justify the adoption of such derogations. The derogations subsequently may be adopted by the Association Council.
3. The Republics of the CA Party shall, either before or when the request for derogation is submitted to the Sub-Committee, notify the EU Party of its request for a derogation together with the reasons for the request in accordance with paragraph 5.
4. Within the Association Council, the EU Party shall respond positively to the requests of the Republics of the CA Party, if admissible and duly justified in conformity with this Declaration and if they cannot cause serious injury to an established European Union's industry.
5. In order to facilitate the examination by the Sub-Committee of requests for derogation, one or more Republics of the CA Party shall furnish in support of their request the fullest possible information covering in particular the following:
 - (a) description of the finished product;
 - (b) nature and quantity of materials originating in third countries;
 - (c) manufacturing processes;
 - (d) added value achieved;
 - (e) number of employees in the enterprise concerned;
 - (f) anticipated volume of exports to the European Union;
 - (g) other possible sources of supply for raw materials;
 - (h) other observations.
6. The examination of requests for derogation shall in particular take into account:
 - (a) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in one or more Republics of the CA Party making the request to continue their exports to

the European Union, with particular reference to cases where this could lead to cessation of its activities;

- (b) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realisation of the investment program would enable these rules to be satisfied by stages.

7. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

8. The Sub-Committee shall take steps necessary to ensure that a decision on a request for derogation is reached as soon as possible. The derogation may be granted for the period of twelve months. The Sub-Committee may review the necessity to extend the period of validation of the derogation by another twelve months upon the request of the Republics of the CA Party, if the economic conditions which formed the basis for establishing the derogation continue, taking into account other conditions referred to in paragraphs 1 to 7. The extension of the derogation shall be decided by the Association Council.

JOINT DECLARATION
regarding the revision of the rules of origin contained in Annex II (Concerning the
Definition of the Concept of “Originating Products” and Methods of
Administrative Co-operation)

1. The Parties agree to review the provisions contained in Annex II (Concerning the Definition of the Concept of “Originating Products” and Methods of Administrative Co-operation) and discuss the necessary amendments upon request of either Party. In such discussions, the Parties shall take into account the development of technologies, production processes and all other factors, which might justify the changes to the rules. Any changes to this Annex shall be made on the basis of a mutual agreement.

2. Appendix 2 and 2A to Annex II will be adapted in accordance with the periodical changes to the Harmonized System.

JOINT DECLARATION
concerning the revision of the rules of origin applicable to products of Chapters 61
and 62 of the Harmonized System

If the rules of origin applied by the European Union for products of Chapters 61 and 62 of the Harmonized System, in the framework of the Generalised System of Preferences for non least-developed countries (LDCs), are more relaxed than the ones contained in this Agreement, after consultations in the Association Committee at the request of one or more Republics of the CA Party, the Association Council shall modify Appendix 2 of Annex II (Concerning the Definition of the Concept of “Originating Products” and Methods of Administrative Co-operation) in order to apply the same level of relaxation.

JOINT DECLARATION
concerning temporal use of additional non-originating materials for products of
Chapters 61 and 62 of the Harmonized System

At the initiative of one or more Republics of the CA Party and after consultations in the Association Committee, the Association Council may decide to temporarily permit the use of additional non-originating materials which shall be identified at 8 digit level for products in Chapters 61 and 62 of the Harmonized System, provided that there is no production of these materials in the Parties. Under these circumstances, these materials shall be considered as originating for the effects of the rules of origin of Appendix 2 of Annex II (Concerning the Definition of the Concept of “Originating Products” and Methods of Administrative Co-operation) applicable to products in Chapters 61 and 62 of the Harmonized System. After consultations in the Association Committee, the use of the above mentioned materials shall not be permitted when a Party demonstrates that there is production of these materials in the Parties.

**DECLARATION OF THE EU PARTY ON
DATA PROTECTION OF CERTAIN REGULATED PRODUCTS**

In negotiations of Title VI (Intellectual Property) of Part IV of this Agreement, the Parties have agreed that undisclosed data concerning safety and efficacy that is submitted as a condition of approving the marketing of new pharmaceutical or agricultural chemical products will be protected not through a specific provision, but through the principles of national treatment and most favoured nation treatment enshrined in Article 230 of Title VI (Intellectual Property) of Part IV of this Agreement. It was further agreed that the bilateral dispute settlement mechanism enshrined in the Association Agreement shall apply to any dispute arising in this regard.

The EU Party, having examined the relevant legislation of each of the Republics of CA Party considers that this legislation, by providing protection periods of at least five years for pharmaceutical products and ten years for agricultural chemical products, affords a satisfactory level of protection that corresponds to the relevant international obligations entered to by the Republics of the CA Party including Article 39 of the WTO TRIPS Agreement, Article 15.10 of The Dominican Republic - Central America - United States Free Trade Agreement and for Panama Article 15.10 of the United States-Panama Trade Promotion Agreement.
