[Moroccan Government Official]
Kingdom of Morocco

Dear [Moroccan Government Official]:

I am pleased to outline U.S. plans for technical assistance to the Kingdom of Morocco with respect to U.S. state measures affecting investment and cross-border trade in services, as we discussed during negotiations of the free trade agreement between the United States and Morocco (FTA).

The objectives of such assistance are to:

1. Facilitate implementation of the Investment and Cross-Border Trade in Services chapters of the FTA;

2. Provide support for the private sector in Morocco in understanding business opportunities regarding investment and cross-border trade in services in the United States; and

3. Assist the private sector in Morocco in understanding how U.S. state measures may affect these opportunities.

The governments of the United States and Morocco will cooperate in the future, subject to their respective funding procedures, in the areas outlined below:

1. Identifying specific investment and cross-border services sectors in the United States of interest to the private sector in Morocco;

2. Identifying specific states in the United States of interest to the private sector in Morocco;

3. Educating Moroccan enterprises about business opportunities in the United States in the identified sectors and states; and

4. Educating Moroccan enterprises about U.S. state measures in the identified sectors and states that affect investment and cross-border trade in services.

I share your desire and expectation that the technical assistance outlined in this letter will help
ensure that the United States and Morocco reap the full benefits of trade liberalization under the FTA.

Sincerely,

Robert B. Zoellick
U.S. Trade Representative
