CHAPTER THREE
TEXTILES AND APPAREL

ARTICLE 3.1: BILATERAL EMERGENCY ACTIONS

1. If, as a result of the reduction or elimination of a duty under this Agreement, a textile or apparel good benefiting from preferential tariff treatment under this Agreement is being imported into the territory of a Party in such increased quantities, in absolute terms or relative to the domestic market for that good, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may, to the extent and for such time as may be necessary to prevent or remedy such damage and to facilitate adjustment, take emergency action, consisting of an increase in the rate of duty on the good to a level not to exceed the lesser of:

   (a) the most-favored-nation (MFN) applied rate of duty in effect at the time the action is taken; and

   (b) the MFN applied rate of duty in effect on the date of entry into force of this Agreement.

2. In determining serious damage, or actual threat thereof, the importing Party:

   (a) shall examine the effect of increased imports of the good from the exporting Party on the particular industry, as reflected in changes in such relevant economic variables as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits, and investment, none of which is necessarily decisive; and

   (b) shall not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

3. The importing Party may take an emergency action under this Article only following an investigation by its competent authorities.

4. The importing Party shall deliver to the exporting Party, without delay, written notice of its intent to take emergency action, and, on the request of the exporting Party, shall enter into consultations with that Party regarding the matter.

5. The following conditions and limitations apply to any emergency action taken under this Article:

   (a) no emergency action may be maintained for a period exceeding three years;

   (b) no emergency action against a good may be taken or maintained beyond the period ending ten years after duties on that good have been eliminated pursuant to this Agreement;

   (c) no emergency action may be taken by an importing Party against the same good of the exporting Party more than once; and

   (d) on termination of the emergency action, the importing Party shall accord to the good that was subject to the emergency action the tariff treatment that would have been in effect but for the action.
6. The Party taking an emergency action under this Article shall provide to the exporting Party mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the emergency action. Such concessions shall be limited to textile and apparel goods, unless the Parties otherwise agree. If the Parties are unable to agree on compensation, the Party against whose good the emergency action is taken may take tariff action having trade effects substantially equivalent to the trade effects of the emergency action taken under this Article. Such tariff action may be taken against any goods of the Party taking the emergency action. The Party taking the tariff action shall apply the tariff action only for the minimum period necessary to achieve the substantially equivalent trade effects. The importing Party’s obligation to provide trade compensation and the exporting Party’s right to take tariff action terminate when the emergency action terminates.

7. Nothing in this Agreement shall be construed to limit a Party’s right to restrain imports of textile and apparel goods in a manner consistent with the Safeguards Agreement. However, a Party may not take or maintain an emergency action under this Article against a textile or apparel good that is subject, or becomes subject, to a safeguard measure that a Party takes pursuant to the Safeguards Agreement.

ARTICLE 3.2: RULES OF ORIGIN AND RELATED MATTERS

Application of Chapter Four

1. Except as provided in this Chapter, including its Annex, Chapter Four (Rules of Origin) applies to textile and apparel goods.

2. The rules of origin set forth in this Agreement shall not apply in determining the country of origin of a textile or apparel good for non-preferential purposes.

Consultations

3. On the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to particular textile and apparel goods should be revised to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties.

4. In the consultations referred to in paragraph 3, each Party shall consider all data presented by the other Party that demonstrate substantial production in its territory of a particular fiber, yarn, or fabric. The Parties shall consider that there is substantial production if a Party demonstrates that its domestic producers are capable of supplying commercial quantities of the fiber, yarn, or fabric in a timely manner.

5. The Parties shall endeavor to conclude consultations within 60 days of a request. If the Parties agree in the consultations to revise a rule of origin, the agreed revision shall supersede any prior rule of origin for such good when approved by the Parties in accordance with Article 22.2 (Amendments).

De Minimis

6. A textile or apparel good that is not an originating good because certain fibers or yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo an applicable change in tariff classification set out in Annex 3-A shall nonetheless be considered to be an originating good if the total weight of all such fibers or yarns in that component is not more than seven percent of the total weight of that component. Notwithstanding the preceding sentence, a good containing elastomeric yarns in the component of the good that determines the tariff classification of the good do not undergo an applicable change in tariff classification set out in Annex 3-A shall nonetheless be considered to be an originating good if the total weight of all such fibers or yarns in that component is not more than seven percent of the total weight of that component.
classification of the good shall be considered to be an originating good only if such yarns are wholly formed in the territory of a Party.

*Treatment of Sets*

7. Notwithstanding the specific rules of origin set out in Annex 3-A, textile and apparel goods classifiable under General Rule of Interpretation 3 of the Harmonized System as goods put up in sets for retail sale shall not be regarded as originating goods unless each of the goods in the set is an originating good or the total value of the non-originating goods in the set does not exceed 10 percent of the customs value of the set.

*Preferential Tariff Treatment for Certain Non-Originating Apparel Goods*

8. Subject to paragraph 9, each Party shall accord preferential tariff treatment to cotton or man-made fiber apparel goods provided for in Chapters 61 or 62 of the Harmonized System that are cut or knit to shape, or both, and sewn or otherwise assembled in the territory of a Party from fabric or yarn produced or obtained outside the territory of a Party, if they meet the applicable conditions for preferential tariff treatment under this Agreement other than the condition that they be originating goods.

9. The treatment described in paragraph 8 shall be limited to goods imported into the territory of a Party up to an annual total quantity of 50,000,000 square meters equivalent in each of the first ten twelve-month periods after entry into force of this Agreement. To determine the quantity in square meters equivalent that is charged against the annual quantity, the importing Party shall apply the conversion factors listed in the *Correlation: U.S. Textile and Apparel Category System with the Harmonized Tariff Schedule of the United States of America (“The Textile Correlation”), 2004, U.S. Department of Commerce, Office of Textiles and Apparel, or successor publication.*

10. At the written request of an exporting Party, an importing Party shall require an importer claiming preferential tariff treatment under paragraph 8 to submit to the importing Party a certificate of eligibility. An importing Party shall not accept such a claim unless the certificate of eligibility is properly completed and signed by an authorized official of the exporting Party and is presented at the time the preferential tariff treatment is claimed.

11. Where an importing Party has reason to question the accuracy of a claim under paragraph 8, or where an importing Party seeks such information in the course of a verification under Article 3.3, it may require an importer claiming preferential tariff treatment for an apparel good under paragraph 8 to prepare, sign, and submit to its competent authority a declaration supporting such a claim for preferential tariff treatment and to provide all pertinent information concerning the production of the good, including:

   (a) a description of the good, quantity, invoice numbers, and bills of lading;

   (b) a description of the operations performed in the production of the good in the territory of one or both of the Parties; and

   (c) a statement as to any yarn or fabric of a non-Party and the origin of such materials used in the production of the good.

The importing Party may require the importer to retain all documents relied upon to prepare the declaration for a period of five years.

12. Paragraphs 8 through 11 shall cease to apply beginning on the first day of the 11th twelve-month period following the date of entry into force of this Agreement.

*ARTICLE 3.3: CUSTOMS COOPERATION FOR TEXTILE AND APPAREL GOODS*
1. The Parties shall cooperate for purposes of:

(a) enforcing or assisting in the enforcement of their measures affecting trade in textile or apparel goods;

(b) ensuring the accuracy of claims of origin;

(c) enforcing or assisting in the enforcement of measures implementing international agreements affecting trade in textile or apparel goods; and

(d) preventing circumvention of international agreements affecting trade in textile or apparel goods.

2. Oman shall establish and maintain a program to ensure that textile and apparel goods that are imported into or exported from Oman, or that are processed or manipulated in Oman or in a free trade zone or export processing zone in Oman en route to the United States, are marked with the correct country of origin and that the documents accompanying the goods accurately describe the goods. In this program, Oman shall provide for:

(a) immediate referral by Omani officials of suspected violations of either Party’s measures relating to circumvention to the appropriate enforcement authorities;

(b) with respect to enforcement action by Omani officials involving textile or apparel goods destined for the United States, not later than 30 days after the resolution of the matter, issuance by Omani officials to the United States of a written report describing:

(i) each violation of law relating to circumvention, including a failure to maintain or produce records;

(ii) any other act of circumvention;

(iii) the resolution of the matter, including any enforcement action taken and any penalty imposed; and

(iv) the identity of the enterprise found to have engaged in such circumvention.

3. Oman shall establish and maintain a program to verify that textile and apparel goods that an enterprise claims as originating goods or marks as products of Oman and that are exported to the United States are produced in Oman. In this program, Oman shall include on-site government inspections of such enterprises. These visits should occur without providing prior notification to the enterprise to verify compliance with measures of either Party affecting trade in textile or apparel goods and to verify that production of and capability to produce such goods are consistent with claims regarding the origin of such goods.

4. On the request of the importing Party, the exporting Party shall conduct a verification for purposes of enabling the importing Party to determine that a claim of origin for a textile or apparel good is accurate. The exporting Party shall conduct such a verification, regardless of whether an importer claims preferential tariff treatment for the good. The exporting Party also may conduct such a verification on its own initiative.

5. Where the importing Party has a reasonable suspicion that an enterprise of the exporting Party is engaging in unlawful activity relating to trade in textile or apparel goods, the exporting Party shall conduct, on the request of the importing Party, a
verification for purposes of enabling the importing Party to determine that the enterprise is complying with applicable customs measures affecting trade in textile or apparel goods, including measures that the exporting Party adopts and maintains pursuant to this Agreement and measures of either Party implementing other international agreements affecting trade in textile or apparel goods, or to determine that a claim of origin regarding textile or apparel goods exported or produced by that enterprise is accurate. For purposes of this paragraph, a reasonable suspicion of unlawful activity means a suspicion based on relevant factual information of the type set forth in Article 5.5 (Cooperation) or factors that indicate:

(a) circumvention by an enterprise of applicable customs measures affecting trade in textile or apparel goods, including measures adopted to implement this Agreement; or

(b) the existence of conduct that would facilitate the violation of measures relating to other international agreements affecting trade in textile or apparel goods or the nullification or impairment of rights or benefits accruing to a Party under such agreements.

6. The exporting Party, through its competent authorities, shall permit the importing Party, through its competent authorities, to assist in a verification conducted pursuant to paragraph 4 or 5, including by conducting, along with the competent authorities of the exporting Party, visits in the territory of the exporting Party to the premises of an exporter, producer, or any other enterprise involved in the movement of a textile or apparel good from the territory of the exporting Party to the territory of the importing Party. If an exporter, producer, or other enterprise refuses to consent to a visit by the competent authorities of the importing Party, the importing Party may consider that the verification cannot be completed and the determination described in paragraph 4 or 5 cannot be made and may take appropriate action as described in paragraph 11.

7. Oman shall require each enterprise that exports, produces, or is otherwise involved in the movement of textile or apparel goods within the territory of Oman to maintain in Oman records relating to textile and apparel good production or exportation for a period of five years from the date on which such records are created. Oman also shall require each enterprise that produces textile or apparel goods in the territory of Oman to maintain in Oman records relating to its production capabilities in general, the number of persons it employs, and any other records and information sufficient to allow officials of each Party to verify the enterprise’s production and exportation of textile or apparel goods.

8. Each Party shall provide to the other Party, consistent with its law, production, trade, and transit documents and other information necessary to conduct a verification under paragraph 4 or 5. Each Party shall consider any documents or information exchanged between the Parties in the course of such a verification to be confidential within the meaning of Article 5.6 (Confidentiality). Notwithstanding the previous sentence and Article 5.6 (Confidentiality), a governmental entity of a Party may share information gathered under this Article with other government entities of that Party for a purpose set forth in paragraph 1. Sharing information as described in this paragraph for a purpose set forth in paragraph 1 is deemed not to prejudice the competitive position of persons providing such information for purposes of Article 5.6.3 (Confidentiality).

9. While a verification is being conducted, the importing Party may, consistent with its law, take appropriate action, which may include suspending the application of preferential tariff treatment to:

(a) the textile or apparel good for which a claim of origin has been made, in the case of a verification under paragraph 4; or

(b) any textile and apparel goods exported or produced by the enterprise
subject to a verification under paragraph 5, where the reasonable suspicion of unlawful activity relates to those goods.

10. The Party conducting a verification under paragraph 4 or 5 shall provide the other Party with a written report on the results of the verification, which shall include all documents and facts supporting any conclusion that the Party reaches.

11. (a) If the importing Party is unable to make the determination described in paragraph 4 within 12 months after its request for a verification, or makes a negative determination, it may, consistent with its laws, regulations, and procedures, take appropriate action, including denying preferential tariff treatment to the textile or apparel good subject to the verification, and to similar goods exported or produced by the enterprise that exported or produced the good.

(b) If the importing Party is unable to make one of the determinations described in paragraph 5 within 12 months after its request for a verification, or makes a negative determination, it may, consistent with its laws, regulations, and procedures, take appropriate action, including denying preferential tariff treatment to any textile or apparel goods exported or produced by the enterprise subject to the verification.

12. Prior to commencing any action under paragraph 11, the importing Party shall notify the other Party. The importing Party may continue to take appropriate action under paragraph 11 until it receives information sufficient to enable it to make the determination described in paragraph 4 or 5, as the case may be. A Party may make public the identity of an enterprise that it has determined to have made an inaccurate claim of origin for a textile or apparel good as described in paragraph 4 or to have engaged in unlawful activity relating to trade in textile and apparel goods as described in paragraph 5.

13. On the request of either Party, the Parties shall enter into consultations to resolve any technical or interpretive difficulties that may arise under this Article or to discuss ways to improve the effectiveness of their cooperative efforts. In addition, either Party may request technical or other assistance from the other Party in implementing this Article. The Party receiving such a request shall make every effort to respond favorably and promptly to it. Each Party shall, at the request of either Party, establish and maintain working level contact points in order to facilitate the effective implementation of this Article.

ARTICLE 3.4: COMMITTEE ON TEXTILE AND APPAREL TRADE MATTERS

The Parties hereby establish a Committee on Textile and Apparel Trade Matters. The Committee on Textile and Apparel Trade Matters will meet upon the request of either party or the Joint Committee provided for in Article 19.2 (Joint Committee) and may consider any matter arising under this Chapter.

(ii) the good satisfies any other applicable requirements of this Chapter and Chapter Four (Rules of Origin).
