ARTICLE 5

Each Party declares its willingness to consider the possibility of reducing its customs duties more rapidly than is provided for in this Annex, or otherwise improve the conditions for access, if its general and sectoral economic situation and related policies so permit. A Decision by the Joint Committee to accelerate the elimination of a customs duty or otherwise improve conditions of access shall supersede the terms established in this Annex for the product concerned.

ARTICLE 6

No later than three years after the entry into force of this Agreement, the Joint Committee shall consider further steps in the liberalisation of trade in fish and other marine products between the EFTA States and Mexico in accordance with Article 5 of this Annex. For this purpose, a review of the customs duties on products listed in Articles 3 and 4 of this Annex shall be undertaken. Where appropriate, the relevant rules of origin shall also be reviewed.
