Article 11.3: National Treatment⁵

1. Each Party shall accord to investors of another Party treatment no less favourable than that it accords to its own investors, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments in financial institutions in its territory.

Each Party shall accord to financial institutions of another Party, and to investments of investors of another Party in financial institutions, treatment no less favourable than that it accords to its own financial institutions, and to investments of its own investors in financial institutions, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments.

3. For greater certainty, the treatment to be accorded by a Party under paragraphs 1 and 2 means, with respect to a regional level of government, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that regional level of government to investors, financial institutions and investments of investors in financial institutions, of the Party of which it forms a part.

4. For the purposes of the national treatment obligations in Article 11.6.1 (Cross-Border Trade), a Party shall accord to cross-border financial service suppliers of another Party treatment no less favourable than that it accords to its own financial service suppliers, in like circumstances, with respect to the supply of the relevant service.

- (a) investors of another Party, treatment no less favourable than that it accords to investors of any other Party or of a non-Party, in like circumstances;
- (b) financial institutions of another Party, treatment no less favourable than that it accords to financial institutions of any other Party or of a non-Party, in like circumstances;

⁵ For greater certainty, whether treatment is accorded in “like circumstances” under Article 11.3 (National Treatment) or Article 11.4 (Most-Favoured-Nation Treatment) depends on the totality of the circumstances, including whether the relevant treatment distinguishes between investors, investments, financial institutions or financial service suppliers on the basis of legitimate public welfare objectives.

2. Each Party shall permit persons located in its territory, and its nationals wherever located, to purchase financial services from cross-border financial service suppliers of another Party located in the territory of a Party other than the permitting Party. This obligation does not require a Party to permit those suppliers to do business or solicit in its territory. A Party may define “doing business” and “solicitation” for the purposes of this obligation provided that those definitions are not inconsistent with paragraph 1.

3. Without prejudice to other means of prudential regulation of cross-border trade in financial services, a Party may require the registration or authorisation of cross-border financial service suppliers of another Party and of financial instruments.

Article 11.7: New Financial Services⁷

Each Party shall permit a financial institution of another Party to supply a new financial service that the Party would permit its own financial institutions, in like circumstances, to supply without adopting a law or modifying an existing law.⁸ Notwithstanding Article 11.5(b) (Market Access for Financial Institutions), a Party may determine the institutional and juridical form through which the new financial service may be supplied and may require authorisation for the supply of the service. If a Party requires a financial institution to obtain authorisation to supply a new financial service, the Party shall decide within a reasonable period of time whether to issue the authorisation and may refuse the authorisation only for prudential reasons.

Article 11.8: Treatment of Certain Information

Nothing in this Chapter shall require a Party to furnish or allow access to:

⁷ The Parties understand that nothing in this Article prevents a financial institution of a Party from applying to another Party to request that it authorise the supply of a financial service that is not supplied in the territory of any Party. That application shall be subject to the law of the Party to which the application is made and, for greater certainty, shall not be subject to this Article.

⁸ For greater certainty, a Party may issue a new regulation or other subordinate measure in permitting the supply of the new financial service.

1. No Party shall require financial institutions of another Party to engage natural persons of any particular nationality as senior managerial or other essential personnel.
2. No Party shall require that more than a minority of the board of directors of a financial institution of another Party be composed of nationals of the Party, persons residing in the territory of the Party, or a combination thereof.

Administration and Trade Facilitation), Chapter 6 (Trade Remedies), Chapter 7 (Sanitary and Phytosanitary Measures) and Chapter 8 (Technical Barriers to Trade), a Party shall not be prevented from adopting or maintaining measures for prudential reasons,^{10, 11} including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial institution or cross-border financial service supplier, or to ensure the integrity and stability of the financial system. If these measures do not conform with the provisions of this Agreement to which this exception applies, they shall not be used as a means of avoiding the Party's commitments or obligations under those provisions.

2. Nothing in this Chapter, Chapter 9 (Investment), Chapter 10 (Cross-Border Trade in Services), Chapter 13 (Telecommunications) including specifically Article 13.24 (Relation to Other Chapters), or Chapter 14 (Electronic Commerce), shall apply to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations under Article 9.10 (Performance Requirements) with respect to measures covered by Chapter 9 (Investment), under Article 9.9 (Transfers) or Article 10.12 (Payments and Transfers).

3. Notwithstanding Article 9.9 (Transfers) and Article 10.12 (Payments and Transfers), as incorporated into this Chapter, a Party may prevent or limit transfers by a financial institution or cross-border financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory and good faith application of measures relating to maintenance of the safety, soundness, integrity, or financial responsibility of financial institutions or cross-border financial service suppliers. This paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

4. For greater certainty, nothing in this Chapter shall be construed to prevent a Party from adopting or enforcing measures necessary to secure compliance with laws or regulations that are not inconsistent with this Chapter, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between Parties or between Parties and non-Parties where

¹⁰ The Parties understand that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or cross-border financial service suppliers as well as the safety, and financial and operational integrity of payment and clearing systems.

¹¹ For greater certainty, if a measure challenged under Section B of Chapter 9 (Investment) is determined to have been adopted or maintained by a Party for prudential reasons in accordance with procedures in Article 11.22 (Investment Disputes in Financial Services), a tribunal shall find that the measure is not inconsistent with the Party's obligations in the Agreement and accordingly shall not award any damages with respect to that measure.

If a Party accords recognition of prudential measures under paragraph 1(c) and the circumstances set out in paragraph 2 exist, that Party shall provide adequate opportunity to another Party to negotiate accession to the agreement or arrangement, or to negotiate a comparable agreement or arrangement.

Article 11.13: Transparency and Administration of Certain Measures

The Parties recognise that transparent regulations and policies governing the activities of financial institutions and cross-border financial service suppliers are important in facilitating their ability to gain access to and operate in each other's markets. Each Party commits to promote regulatory transparency in financial services.

2. Each Party shall ensure that all measures of general application to which this Chapter applies are administered in a reasonable, objective and impartial manner.

3. Paragraphs 2, 3 and 4 of Article 26.2 (Publication), shall not apply to regulations of general application relating to the subject matter of this Chapter. Each Party shall, to the extent practicable:

8. Each Party's regulatory authorities shall make publicly available the requirements, including any documentation required, for completing an application relating to the supply of financial services.

An application shall not be considered complete until all relevant hearings have been held and all necessary information has been received. If it is not practicable for a decision to be made within 120 days, the regulatory authority shall notify the applicant without undue delay and shall endeavour to make the decision within a reasonable period of time thereafter.

Article 11.14: Self-Regulatory Organisations

If a Party requires a financial institution or a cross-border financial service supplier of another Party to be a member of, participate in, or have access to, a self-regulatory organisation in order to provide a financial service in or into its territory, it shall ensure that the self-regulatory organisation observes the obligations contained in Article 11.3 (National Treatment) and Article 11.4 (Most-Favoured-Nation Treatment).

Article 11.15: Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant financial institutions of another Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This Article is not intended to confer access to the Party's lender of last resort facilities.

Article 11.16: Expedited Availability of Insurance Services

The Parties recognise the importance of maintaining and developing regulatory procedures to expedite the offering of insurance services by licensed suppliers. These procedures may include: allowing introduction of products unless those products are disapproved within a reasonable period of time; not requiring product approval or authorisation of insurance lines for insurance other than insurance sold to individuals or compulsory insurance; or not imposing limitations on the number or frequency of product introductions. If a Party maintains regulatory product approval procedures, that Party shall endeavour to maintain or improve those procedures.

Article 11.17: Performance of Back-Office Functions

1. The Parties recognise that the performance of the back-office functions of a financial institution in its territory by the head office or an affiliate of the financial institution, or by an unrelated service supplier, either inside or outside its territory, is important to the effective management and efficient operation of that financial institution. While a Party may require financial institutions to ensure compliance with any domestic requirements applicable to those functions, they recognise the importance of avoiding the imposition of arbitrary requirements on the performance of those functions.

These Parties shall enter into consultations with a view to exchanging information on the operation of the measure and to considering whether further steps are necessary and appropriate.

3. Consultations under this Article shall include officials of the authorities specified in Annex 11-D (Authorities Responsible for Financial Services).

Article 11.21: Dispute Settlement

1. Chapter 28 (Dispute Settlement) shall apply as modified by this Article to the settlement of disputes arising under this Chapter.

2. If a Party claims that a dispute arises under this Chapter, Article 28.9 (Composition of Panels) shall apply, except that:
